

## **Monomoy adds Sharks on Wheels delivery service to its Grab and Go free meal program**

Beginning Monday April 27, 2020, and operating on Mondays and Thursdays, Monomoy Regional School District will be adding a Sharks on Wheels program to its Grab and Go free meal service. This is a meal delivery program for families who are **unable** to travel to one of the Grab and Go sites. The existing Grab and Go free meal program is open Monday through Friday from 9 a.m. to 12 p.m. at Monomoy Regional Middle School (425 Crowell Road, Chatham) and Monomoy Regional High School (75 Oak St., Harwich), where families can pick up free breakfast and lunch for each child daily (plus weekend meals on Fridays).

The Sharks on Wheels program is aimed at supporting families who are not able to get to one of the established Grab and Go sites.

There is a signup form on the district's website that families must complete in order to arrange for delivery of meals (<https://www.monomoy.edu/Page/3539>). MRSD will not be able to schedule delivery until one form per child is submitted. Families need only submit the form once per child in order to sign up for the delivery program. On Mondays, families will receive three breakfasts and three lunches per child, and on Thursdays, families will receive four breakfasts and four lunches, to cover the weekend.

The existing Grab and Go free meal program will continue to be available to families.

**Note the following upcoming schedule adjustments: There will be no Grab and Go meal service Friday, April 10. On Thursday, April 9, families will be given four days' worth of meals for each child. In addition, there will be no Grab and Go meal service Monday, April 20. On Friday, April 17, families will be given four days' worth of meals for each child.**
